

## Summer Program To Be Underway Starting Monday

CECIL MASSEY

The summer recreation program will be started in Canyon next Monday, June 12. The local committee in charge of the community work met with Cecil Massey and outlined the work which will be undertaken. Mr. Massey is the new director who arrived last week and has been busy getting acquainted.

Massey, a Baylor University graduate, has just finished a project in Parker county where he organized a recreation department, working on a special grant from the Rockefeller Foundation.

Plans were made to operate two play ground areas in Canyon under trained supervision. One play ground will be at the Canyon public schools and the other on the College grounds. Various sports, handicrafts and art activities are to be included at the playgrounds.

Swimming lessons will be taught at the college pool each Monday, Wednesday and Friday. Classes will be in two sections, the non-swimmers meeting at 9 o'clock a. m. and the swimmers at 8 o'clock a. m. There will be a charge of 15c for these lessons. Two instructors will be on hand and plans are underway to issue Red Cross certificates for those who complete the course.

Other plans were made to include the entire city of Canyon in the recreation program, including musical concerts, programs, parties and other activities.

It was pointed out that Canyon has an opportunity as well as a responsibility to join in providing guidance for children, youth and adults who are the victims of the tense nervous strains of a complex scientific civilization.

The recreation department of Canyon, with the whole hearted cooperation of all citizens, can do much to cultivate and develop the spiritual and social life of the people, and in turn better human relations and improve emotional culture.

The office of the recreational department is located in the court house on the third floor at the Red Cross office.

## Rotary Club Heard of Helium Tuesday at Weekly Luncheon

W. M. Deaton, Chief Research Engineer of the Amarillo Helium Plant, spoke Tuesday at the Rotary luncheon and performed a number of experiments with liquid air which is used in extracting helium from gas at the plant.

Helium was first discovered in the Amarillo field about 30 years ago. Mr. Deaton has been at the plant for about 25 years.

Clarence Thompson was in charge of the program and introduced the speaker.

The government has developed helium in a number of gas fields. There is one field in New Mexico which has a greater amount of helium in the gas than found in this section. The amount of helium extracted depends upon the profitability of the process.

Mr. Deaton showed various of interesting features which have been developed in the course of his experiments in the plant.

Joe Hill issued a cordial invitation to all citizens of Canyon to join in the short program Friday morning at 11 o'clock when the corner stone of the new Memorial Chapel will be laid on the campus.

Cecil Massey explained the start of the recreation program which will be conducted in Canyon during summer. He is in need of material for the two play grounds which will be started next Monday.

President Jack Haley announced that the Lions-Rotary softball game would be played at Buffalo stadium Friday night at 7:30 o'clock, and all citizens of Canyon are invited to see these teams in action.

Visitors were: Rev. H. L. Thurston of Canyon, T. A. Harman of Oklahoma City, Cecil Massey of Canyon, H. Laycock of Pampa, Dr. D. B. Taylor of Austin, Dr. W. M. Presser of Florence, Ala., Davis Hill of Borger, Bob Lindsey of Borger, Marve Evans of Edmonds, Okla., Howard Amick of Panhandle, Archie Roberts of Panhandle, Jack Allen of Amarillo.

## Wheat Allotment For County Will Be Set in July

The County P. M. A. office has started preliminary work on 1951 wheat acreage allotments.

Wheat acreage records are being brought up to date so as to have the county acreage figures in order when the State allotment is ready to allocate to the counties. This is expected to be done early in July.

A farm acreage allotment will be set for each farm on which wheat has been grown regularly in the past. Any farm on which wheat has not been seeded for the past three years will be considered as a new wheat farm for allotment purposes.

A small reserve of acreage will be available to these new wheat farms (no wheat grown for 1948, 1949 or 1950).

Allotments to these new farms will be made, only if a written request is filed in the county office on or before June 26. These requests must be made on regular PMA forms and signed by the owner or operator.

## Gov. Shivers Is Candidate for His First Full Term

Governor Allan Shivers announced Sunday as a candidate for reelection to the office of Governor of Texas.

Shivers is filling out the unexpired term of the late Beauford Jester who died in office about 11 months ago. Shivers indicated that he would make a short campaign in all parts of Texas and try to reach the voters as rapidly as possible.

Gov. Shivers is opposed by five candidates, none of whom is making a strenuous campaign, except Casa March, who is making his third race for the office and has visited practically all counties of the state.

## Congressman Guill Blasts Truman and His Court Setup

The following statement was made Tuesday in Washington by Congressman Ben Guill of this district: The Fair Deal of President Truman's so-called Democratic Party can now be officially labelled the Raw Deal.

The decision of the Supreme Court has "legalized" the cold-blooded theft of an estimated one billion dollars by a vicious and totalitarian administration which falsely calls itself Democratic. This administration has now stooped so low as to pick the pockets of our Texas school children and to break the most solemn word of the United States government.

This decision following the veto of the Kerr Bill is another step of the Truman administration against the State of Texas. As long as Texans continue to support in office their worst enemies, the Socialists who call themselves Democrats, they can expect to be stabbed in the back repeatedly as a reward for their misplaced loyalty.

## Cornerstone of the Memorial Chapel to be Laid Friday a. m.

As announced last week in The News, the cornerstone of the new chapel will be placed on Friday morning of this week with a short program.

Dr. J. A. Hill, president emeritus of the college, has issued a cordial invitation to friends of the college to attend this service. The chapel will be dedicated about Homecoming time with an appropriate service.

Mr. and Mrs. George Farlow visited his mother, Mrs. Carrie Farlow, in Panhandle, Sunday.

## Mrs. J. P. Cornette Was Installed As President of P-TA

MRS. JAMES P. CORNETTE

Mrs. James P. Cornette was installed as local P. T. A. President by Miss Elva Fronabarger at the last regular meeting of the association, on May 18.

Mrs. W. E. Miller, retiring president, has been elected to the post of parliamentarian and is also holding a district office.

## Liberty Bell on Visit to Canyon Tolled by Many

The Liberty Bell came to Canyon Friday and was enjoyed by a large number of people—boys and girls, men and women.

Clyde W. Warwick explained the mission of the Liberty Bell which was a contribution to the United States government by the various corporations and crafts who are anxious to see the people firmly established in the manner of savings.

While many schemes are presented for investment, which promise big financial returns, none are as safe as Savings Bonds, which are backed by the government, and guaranteed a sound return on each investment.

The big bell is an exact replica of the famous old Liberty Bell which is carefully housed and guarded in Philadelphia. The replica is a gift to the government by various corporations and skilled crafts who furnished and mounted the bells on Ford trucks. Gasoline and oil is furnished by various companies.

Hundreds of boys rang the big 2,000 pound bell while it was in Canyon. They will likely never hear the original Liberty Bell as the crack in the bell prohibits it from being rung.

Liberty Bell posters were in the windows of every business firm in Canyon. A representative of the Treasury Department highly complimented Canyon for this great display of posters, and said it was the best display of any town in which he had visited.

## No Report Received Here on Census of Canyon or Randall

No word has been received on the census of Canyon or Randall county.

Returns have been made on several towns and counties of this district, but none has been received for Canyon or Randall.

According to reports which have been received from other counties, it is evident that Canyon will not have a population of 5,000 as was estimated a few months ago. The final figure will probably be between 4,000 and 4,250.

## AUDIT BEFORE COMMISSION

The report of the city auditor was considered at the meeting of the city commission Monday night.

This report, together with the regular monthly bills, was the only business taken up at this meeting.

Virgie Ruth Haines has been visiting in Denton for the past week.

## New Record Set For Attendance West Texas State

A new high record of college attendance has been set for West Texas College. The number who had paid their fees up to Tuesday night amounted to 1005. This does not include a number of special students who are here only for a short period.

Registration for the summer session will continue through Thursday and the number of students will be boosted to a new high with the late comers to the campus.

## Third Death Is Result of Auto Truck Collision

The third death as a result of a car-truck accident came at Terrell Wednesday night when T. T. Tanner died as the result of injuries received late Monday. Mr. Tanner was the father of Mrs. Evelyn Frieze of Canyon and Mrs. Ed Philley of Dallas.

Mrs. Tanner was killed as the result of the accident and her sister, Miss Eva Stamps, died soon after the accident.

Miss Frankie Dykas received a broken leg and internal injuries as the result of the accident.

The funerals of Mrs. Tanner and Miss Stamps were held Wednesday afternoon at Terrell. The funeral for Mr. Tanner was held Friday afternoon.

Mr. and Mrs. M. D. Shepherd attended the funeral.

According to a report from Terrell, the Tanner car pulled in front of a heavy truck.

## 100 Citations Issued Against Property Owners

The largest number of citations ever issued in Randall County came as a result of a suit filed in District Court by Dan Burch, Jack Spence and Fred Bush, Jr. One hundred citations are being issued in district court against property owners in the Palo Duro Addition to Amarillo, all located in Randall county.

Those filing the suit are seeking to build business houses in a residential restricted district, and for the purpose of trying to break these restrictions.

## Judge Bishop Here Saturday For Court

Judge Henry S. Bishop was here Saturday to enter judgements in several cases which had been tried in district court during the last session.

No new business was taken up during his stay here.

## TO NATIONAL CONVENTION

Mrs. Harvey Cash and Mrs. Lee Foster left this morning to attend the National Council of Presbyterian Women at Ocean Grove, N. J. They will stop at Hotel Dardanelle, 40 Ocean Parkway, while there.

## MARRIAGE LICENSE

Mr. and Mrs. Fred Standley, Sr., and daughter Frances, have gone to Salt Lake City to attend the graduation exercises at the University of Utah to see their son and brother, Fred Standley, Jr., receive his B.S. and L.L.B. degrees. Mr. Standley has already passed the State of Utah Law examination.

Visitors in the home of Mr. and Mrs. Hayden Weaver last week were his mother and sister, Mrs. E. E. Weaver and Miss Mary Lee Weaver, of Grand Saline. Miss Mary Lee remained to spend the summer with her brother and his wife.

Visitors in the Ed Evers home the past week were Mr. and Mrs. Leonard Gaines and Miss Doretta Wisemuller of St. Louis, Mo. and Mr. and Mrs. Karl Stefek, Jr. and Mr. and Mrs. Ernest Maham of Alhambra, Calif.

Mrs. W. E. Lockhart will return home Sunday from Alpine, where she has been visiting for two weeks with her son, Dr. W. E. Lockhart. She will be met in Sweetwater and brought home by her other son, Vincent of Amarillo.

Dr. and Mrs. T. J. Cox arrived by plane Sunday, from Grand Rapids, Michigan, to spend the week-end with his parents, Mr. and Mrs. George Cox. They returned home Wednesday morning.

Ralph Mardis visited in the home of his parents, Mr. and Mrs. M. L. Mardis, in Childress over the week-end.

## Randall 4-H Club Teams Take Firsts In District

The Dairy team and livestock team won 1st place at Lubbock, and are therefore entitled to represent the district at the state contest which will be held at College Station, Texas, June 12th.

The members of the Dairy Team are: Teddy Lowe, Larry Porter, Joe Lee Rogers and Norman Tueck. The members of the Livestock team are: Bruce Winn, Albert Craig, Raymond Bennett, and Bud Bennett.

The Rifle Team won 1st place in the final district elimination contest Friday June 2nd. The members of the team are: Philip Busted, Doyle Bourn, Eugene Grabber, and Bernard Grabber.

George Dowlen will represent Randall County as a 4-H Club delegate.

The boys will leave Saturday night June 10th and return Thursday night June 15th.

H. E. Shahan, County Agent, will not accompany the boys but will be at College Station during the Round Up and Agents' Conference June 12th through June 16th.

## Dr. Biggers Has Practiced For 54 Years

DR. M. A. BIGGERS

Dr. M. A. Biggers will observe his 54th anniversary as a practicing physician of Texas on June 4.

He has in his office a faded certificate from the Medical Board of Examiners for the Fifth Judicial District of Texas, written in long hand on a plain sheet of paper.

The certificate reads:

"Having satisfactorily examined Mr. M. A. Biggers of Sherman, Grayson County, State of Texas, in accordance with the provisions of an act passed by the Texas Legislature, approved August 21st, 1876, and since further amended, To regulate the practice of medicine in the State of Texas and in pursuance of the authority therein vested in us, do hereby grant unto him a certificate of Qualification to Practice Medicine in any or all of its branches throughout the State of Texas.

In witness thereof, we have hereunto affixed our names and seal of the Board. Done at Mt. Pleasant, Texas, June 4th, 1896.

(Seal)

J. T. Musick, Vice Pres.  
W. H. Blythe, Secy.  
Examining Board

Dr. Biggers has practiced medicine in Canyon for almost 31 years, moving here in November of 1919. He has been associated with Dr. H. A. Brown for 12 years.

Mrs. Olin Huff and daughters, Patricia Jan and Charlotte Ann, of Wichita Falls visited last week with her parents, Mr. and Mrs. Pat Baber. Mr. Huff joined them over the weekend and Mrs. Huff returned home with him, leaving the girls to spend two weeks with their grandparents.

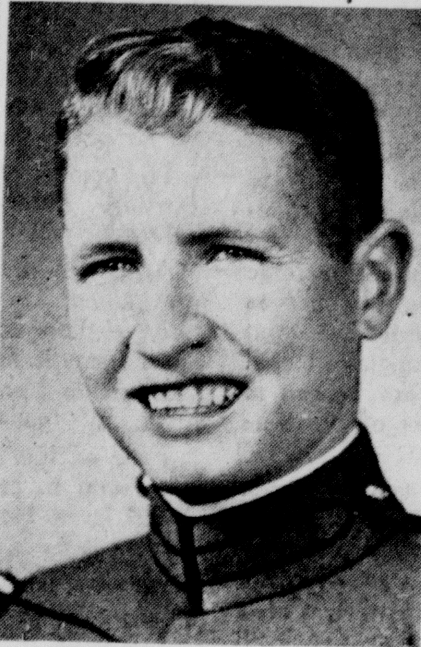

Mr. and Mrs. Lewis Carr Henry of Washington, D. C., visited in the home of his mother, Mrs. L. N. Henry and his brother and family, Mr. and Mrs. Crews Henry for the week beginning May 27.

Mr. and Mrs. M. C. Corder and sons of Tusculooosa, Alabama, and Mr. and Mrs. Charles Fain of Los Angeles, California, visited last week in the parental T. W. Henderson home.

Mrs. Burney Slack, Harrell Slack and Richard Sanders made a trip to Waco last week to bring Bryce Slack home from his year's work in Baylor University.

J. B. Bremer, who is working on his Master's in Huntsville visited in the home of Mrs. Lessie Stevens, recently.

## Sandy Oliver Is Commissioned at West Point, N. Y.

LT. G. S. (SANDY) OLIVER

Among the cadets graduating from the United States Military Academy this June is George S. Oliver, son of Mr. and Mrs. W. T. Oliver.

Prior to his appointment to the Academy Oliver attended Canyon High School and was graduated from that school in 1945. He also attended West Texas State College.

During his four years at the Academy, he has been active in intramural athletics and the Cadet Ski, Pistol, Skeet and Fishing Clubs. He was appointed Cadet Sergeant in the U. S. Corps of Cadets in his first class year. Last year he made the trip to Europe with 18 selected students to study military installations there.

Upon graduating, he will be commissioned a Second Lieutenant in the Engineers.

## Rain Comes Over Entire Plains Area to Aid of Farmers

Rain has fallen in all sections of the Panhandle to break the drought of the past eight months, and to get grass started.

Farmers report various amounts of moisture in different areas of the Panhandle, but from all indications the rainfall has been sufficient for grass and for planting.

The drought still continues to the states to the north, which always is a menace to this area.

Canyon received 1.19 inches of rain over the weekend, which is a fair sample of the average of this section, but does not compare with the heavy downpours which have fallen at various places in the Southwest.

## Thomson Family Is Given Dinner of Appreciation

An appreciation dinner was given Wednesday night at the Methodist Church honoring Rev. and Mrs. Hubert Thomson who were moving to the San Jacinto Methodist Church in Amarillo. They had lived in the new Methodist parsonage only two weeks. Rev. Thomson has been pastor of the local Methodist Church for more than five years.

Rev. Herschel Thurston and family arrived from Brownfield Thursday to start their work in the local church. Rev. Thurston has been assigned to the local church for the coming year's work. They were delighted to have the privilege of living in the new parsonage of the church.

A reception was given Monday night at the Church in honor of Rev. and Mrs. Thurston which was attended by a large number of the membership. Glenn Dowlen, Jr., sang two groups of songs, accompanied by his mother at the piano.

## Census Figures Are Far Below the Estimates of Towns

There has been much wailing and gnashing of teeth over the census figures which have so far been released.

Practically every town badly overestimated the number of people who were finally counted in the estimate. Most of the towns believe that many folks were missed in the count. There has been a demand on the part of some communities to demand a recount. It is unlikely that many towns will bear the expense of such counts.

The best solution is to take the federal census and forget about the estimates which have been made through unauthorized agencies.

## Stork Specials

## Park Officials on Visit to Palo Duro Over Weekend

Two representatives of the Texas State Parks Board inspected the Palo Duro State Park Saturday and Sunday. They were Gordon Shearer, executive secretary, and Frank Guinn, member of the board.

John McCarty called upon members of the Advisory Board to meet the two state officials at the lodge Saturday night for a steak dinner and to discuss plans for future development of the Palo Duro. Guy Carlander, chairman of the Advisory Board, has resigned and will be succeeded by appointment from the Texas State Park Board.

Those attending Saturday night were Berl Elliston of Hereford; F. L. Ansley of Amarillo; L. S. Johnston and Clyde W. Warwick of Canyon; the two state officials; and John McCarty, concessionaire.

The need for paving the roads in the Park, and completing work on the lodge were pointed out as the most important work for immediate needs.

Mr. Elliston showed colored motion pictures which he had taken in the Palo Duro, and which he has taken to practically all states of the union.

The Square Dance Club of Happy was host to a large group of visitors from Happy and Vega who enjoyed the Square Dance which is sponsored every Saturday night at the Lodge.

## Milton Morris Named Deputy Lions Governor

MILTON MORRIS

Milton Morris has been honored by appointment to the post of Deputy Governor of two zones of International. The appointment was made for the year 1950-51 by Marshall Harvey, Governor-elect of this district.

Zone 1 is composed of Telford, Dalhart, Stratford, Dumas and Sunray. Zone 2 is composed of Amarillo, Canyon, Hereford and Claude.

Mr. Harvey writes that early in September his cabinet will meet to get acquainted.

The Canyon Lions Club was organized 10 years ago. Mr. Morris was a charter member and the first president of the club. He has served in practically all offices of the local club and has taken an active part in District 2-T-1, of which Canyon is a part. He was recommended for Deputy District Governor by the Canyon Lions Club.

## Professional Safe Crackers Get \$135 From Grain Office

The safe at the Randall County Grain Company in Ralph was cracked on Tuesday night of last week, the robbers getting \$135 in cash. They did not disturb the checks in the safe.

The same pattern was used in cracking a safe at Tulia the same night, but the robbers got away with \$656 in cash in the Tulia job.

Sheriff M. E. Cantrell has been working on the case and is convinced that the jobs were pulled by professionals who had carefully cased the two business houses before they started to work.

## Young Dancers Are Presented Tuesday

Canyon and Amarillo students of the Art Quarry Dance Studio of Amarillo staged the "Rhapsody in Rhythm Revue" Tuesday night at the College Auditorium.

The Canyon Lions Club sponsored the entertainment for the benefit of the Girl Scouts.

Thirty-six numbers were rapidly staged which presented children and of young persons who were students of the studio.

Mrs. Franchine Washburn, daughter of Mr. and Mrs. Guy Hoover who formerly lived in Canyon, has been the teacher of the Canyon group since the class was started here during the last year.

Miss Mary Ann Bellah, who has been teaching at Eunice, New Mexico, is spending the summer in the home of her parents, Mr. and Mrs. Alfred Bellah.

## EDITORIAL COMMENTS

## Pappy the Politician Seeks Your Support in Insurance

Pappy, the politician, is on the war path again! Talk about your professional brand, there has never been his equal in Texas. And this good old state has produced many a good one.

Pappy had a wonderful build up for his talk to the people. He has encouraged hundreds, or thousands, of people to write to him, urging that he run for governor. Perhaps the number was not as large as he claimed; and perhaps the urging was not as enthusiastic as he would have the people believe. But he has a good mailing list to start his campaign to sell insurance. That is certain. Those who believe in Pappy will buy his product, regardless of what he is selling.

Pappy says that he will continue to tell the people of Texas of all the rottenness which exists in our government. Naturally he will not fail to tell them of the virtues of W. Lee O'Daniel while he is running down other prominent characters in our nation. That is the way of professional politicians.

Pappy says that he is going to start a new insurance company because this is the only line of business which the government has not taken over and virtually ruined. Pappy should beware. He well knows that the government has been trying to get its claws on the insurance business ever since the socialistic idea for the government to run the nation was promulgated in Washington about 18 years ago. If Pappy gets into this line of business he will find that the government has made great strides in taking over this line of business.

Texas can do without the service of Pappy. But Pappy can hardly do without the cash which he expects to collect from the people of Texas.

## Recreation Program Needed To Give the Best to Our Children

The recreation program has started in Canyon. Canyon citizens have been talking about the need of a recreational program for a long time. We are now embarked on this program.

C. E. Massey is an able director. Please get that name—DIRECTOR.

A lot of Canyon folks will expect Massey to do all of the work. This will be impossible. A recreational program is a community affair, which will require the financial, moral and physical support of all our citizens.

Mr. Massey proposed a slogan for the new movement: "Let's care for the children of Canyon." That is an impressive slogan, and one which should appeal to every citizen of Canyon.

We are living in a rapidly changing and developing age. The kids of today know ten times as much for their age as the kids of a decade ago. Perhaps a lot of the stuff they know is pure junk, but the elders taught it to them, so don't blame the kids.

The Canyon News has pledged to Mr. Massey its full co-operation in putting over his ideas. There is nothing more vital to the future of Canyon than the proper training of the children of today. Let's all join hands and put over a great program for the benefit of the children. They deserve the best that we can give them.

## W. H. Fuqua Invested His Life Well Among People of Plains

Not many folks can live for 87 years and certainly few can hope to accomplish as much in a lifetime as did W. H. Fuqua, who died last week.

Canyon owes much to the life work of Mr. Fuqua. He was a pioneer banker, who retained a strong attachment to Canyon and the people here. He has been a property owner in Canyon and held stock in the First National Bank in Canyon.

As a member of the first Board of Regents of the college he exerted a great influence upon the early development of the college.

His ability to see financial opportunities and his dare in accepting the risks of expansion were among his great attributes.

His life was well invested in those whom he loved and with whom he loved to associate.

A great life went out when he died.

## Confusion Is Easy to Spread

We see where a speaker says that it is easy to confuse the public these days; much easier than in the past.

Yes, indeed. Confusion is the stock in trade of too many folks who are running around the country posing as experts.

The radio commentators and newspaper columnists are adding to all of this confusion. It is no wonder that no one really knows what is what and why is why.

It might be a good idea for somebody to devise a plan to make the judicial processes available to every man, regardless of his ability to hire lawyers or pay court costs.

The cry of socialism has been raised against practically every effort to persuade the governments of the world to do something for average men and women.

## Highways Continue as a Death Trap, With Problem Unsolved

What to do with the death traps on the highways of Texas?

That is the big issue of the day, which requires a great deal of thought and careful planning. Any cooked up scheme will likely cost a lot of money and will not yield the needed results.

The number of deaths on the highways is becoming alarming. What would YOU do about the situation?

All kinds of schemes are advanced. Five persons were killed week ago Sunday in Randall county. None of those killed lived in Randall county, but we get the credit for having furnished the death traps which made it possible for that number of people to be killed. We got the credit.

Four of the deaths are charged as being due to liquor and to negligence on the part of people who should know better.

The three lane highway has been marked as a death trap, and there is a popular demand that all three-laners be abolished.

Let it be remembered that we cannot stop deaths on the highways so long as there is liquor available to dull the minds and muscles of the drivers. Those who drink should never drive—but who is going to stop them? So long as liquor is legally sold—or illegally sold—we will have that same situation.

Negligence is not confined to two-lane or three lane highways. The fellow who stops his car or truck on any kind of a lane is flirting with the undertaker. No kind of laws will prohibit such a person from being careless.

One young man was killed on a freshly graded farm-to-market road when his car hit a soft shoulder. He should have known that any new road has soft shoulders, and that he was in danger of being overturned, whether he was driving 25 or 90 miles per hour. Careless driving is as dangerous as liquored-up driving.

Furthermore, you cannot keep some fool from hitting you on the highway. He may be driving like a maniac, or he may be driving with care. The chances are that if you are hit that the offending car is either driven too fast; that the driver has been drinking; or that he is just plain stupidly negligent of the power that his automobile possesses.

We hear that manufacturers should be prohibited from making cars which will travel more than 50 miles per hour. As a matter of fact you can be killed just as dead by a car traveling 50 miles per hour as you can by a car travelling at the speed of 90 miles per hour.

Canyon has a traffic problem, within the corporate limits. It is a great wonder that no one has been killed by fast, reckless driving. But you cannot stop all of this stuff without hiring a traffic man for every street of Canyon—which would be prohibitive in cost.

Drive carefully! Watch the fellow behind the wheel—both of your own car as well as the fellow coming toward you!

## Why Should Another War Be Fought To Solve No Problem?

We see that Dr. Gallup comes up with a poll which indicates that a large majority of the people of this nation think that we will be in World War III either next year, or within five years.

That is a dismal picture for the future. Of course we are taking it for granted that this war would be with Russia since the Reds insist upon continuing the cold war.

If our people really think that war is coming so soon, we, as a nation are certainly not making much preparation for such a terrible conflict.

It makes one sick to realize what another war would do to this nation. We will be bankrupt, both financially and spiritually, with little or no chance of helping those from whom we expect help during this conflict. If we are forced into another war, the world will be worse off than we are today, when we consider that we are in pretty hard straits.

Nothing would be solved by another war.

We see that college girls have ruled out a continuation of "sloppy joe" dress and will return to conservative and conventional dress. Glory be!

## High School Grads Signify They Will Enter College Work

A survey has just been completed of South Plains towns by a Texas Tech student for the purpose of ascertaining the number of high school graduates in towns where no college is located, who intend attending college this fall. No town was included in the survey north of Plainview.

The survey shows that 60% of the graduates will enter college this fall. Of the number from that area the survey shows that 6.5% will attend West Texas State.

A large number of the 60% will attend business colleges and other specialized colleges.

## Business Census Randall Shows a Big Increase

The 1948 business census of Randall county has been announced by the Department of Commerce at Washington, D. C., and contains a number of items of interest.

Total retail sales in the county for 1948 amounted to \$7,400,000. This was a gain of 393% over the business ten years previously when the report showed only \$1,500,000 retail sales.

According to the report there were 102 retail establishments in the county; 14 wholesale; 43 selective service trades; 8 amusement places. The 102 retail stores employed 304 persons, with 248 of them on a full time basis.

In separating South Amarillo from the balance of the county, the report shows 16 retail establishments in that section in 1948; with 21 in other parts of the county.

## Ben J. Koch Is Honored by K. of C. Of Texas

Ben J. Koch has been honored by the Knights of Columbus of Texas by the presentation of a large plaque for his work as an outstanding district deputy.

Mr. Koch is deputy of District No. 22, composed of Umbarger, Nazareth and Hereford.

"I am very proud of this award," Mr. Koch said. "I am also very proud and mindful of the fact that it was the splendid co-operation of all the Knights of Columbus in the 22nd district that made it possible for me to win this prize. I want them all to understand that the honor of receiving the highest district deputy's prize in Texas is their honor and their reward."

### FARM INCOME

The Department of Agriculture reports that cash income for the nation's farmers this year will be well under the 1949 totals. Cash receipts from marketings in 1950 may total around \$25,000,000,000 compared with \$27,500,000,000 last year.

### PRICE INDEX

The Bureau of Labor Statistics report a rise of 0.2 per cent in the consumer's price index between March 15 and April 15. The index stood at 167.3 (the 1935-39 average equals 100). This was 1.4 per cent lower than a year ago; more than 25 per cent higher than in June, 1946, the last month of price controls, and nearly 70 per cent above that of August, 1939.

### FEDERAL WORKERS

There were 2,090,925 civilian workers on the Government payroll at the end of March, according to the Civil Service Commission. The total included 145,055 temporary census workers and was 140,517 higher than at the end of February.

### DOG CENSUS?

While the Government is busy making a count of all the people in the United States, the National Geographic Society suggests that a census of dogs would fill a long-felt need. Estimates of the dog population in the nation vary from 15,000,000 to 25,000,000 but nobody seems to know the exact figure.

## Wedding of Earlene Davis-Tommy Petropoulos Read Sunday Afternoon

On Sunday afternoon, June 4, at 4:00 o'clock, Miss Earlene Davis daughter of Mr. and Mrs. Earl J. Davis of the Jewell Community, became the bride of Tommy Petropoulos, son of Mr. and Mrs. Pete Petropoulos of Amarillo in a double ring ceremony read in the First Baptist Church of Canyon.

Dr. Roy L. Johnson, pastor, read the impressive rites before an arch of lemon leaves tied with bows of orchid satin flanked on either side with baskets of white gladioli tied with orchid satin bows. The choir

rail was draped with white satin and banks of Woodwardia ferns terminated the rails.

Miss Joyce Justis accompanied Mrs. John A. Schewbert of Dalhart in pre-nuptial songs, "I Love You Truly" by Bond and "At Dawning" by Cademon, and played the traditional wedding marches for the processional and recessional.

Miss Laverne Hinders, bride's maid, and only attendant wore a yellow organdie gown fashioned with fitted bodice and full skirt. She

carried a nosegay of yellow Marconi and Ester Reed daisies.

Bill Ramsey of Borger served as best man.

The bride, who was accompanied down the aisle by her brother, Ervin Davis, wore a street-length dress of white chiffon fashioned with a bodice of tucks and shirring. The neckline was marked with a small Peter Pan collar. The full skirt fell in graceful lines. Her shoulder length veil of white net was caught with a coronet of white stephanotis. She carried a white Bible topped with a hybrid Cattaleya orchid tied with white satin streamers showered with stephanotis and love knots.

For her daughter's wedding Mrs. Davis chose a rose crepe dress with grey accessories and a corsage of pinocchio roses. Mrs. Petropoulos, mother of the bridegroom, wore a navy crepe dress with blue accessories and a corsage of red roses.

To honor the couple a reception in the church parlor followed the ceremony. The bride's table was covered with a lace cloth and centered with an arrangement of white Marconi daisies tied with orchid satin ribbon and flanked by crystal candle holders bearing white tapers.

For traveling the bride wore a rose shark skin suit with white accessories and an orchid corsage.

After June 18 the couple will be at home at 4208 N. E. 17th, Amarillo. Mrs. Petropoulos has lived in Randall County all her life. She is a graduate of Canyon High School and had completed her sophomore year at West Texas State.

Mr. Petropoulos is a graduate of Borger High School. He served with the armed forces in Alaska during the war. He is associated with his father in business in Amarillo.

### COUNTY H. D. COUNCIL HOLDS REGULAR SESSION

Randall County Home Demonstration Council met Saturday afternoon, June 3, in regular session with twenty-one members and officers present. Mrs. W. C. Angel, chairman, presided.

Mrs. R. A. Burrus announced that there would be no rose show in June but that there were possibilities of a fall flower show and exhibit.

Miss Lou Ella Patterson, home demonstration agent, handed out suggestions for demonstrations in 1951 and asked that every request of club women for next year be turned to her by July council.

Mrs. Jimmie Hartnett, T.H.D.A. chairman, announced that all yearly reports are due July 1 and should be turned in at July council. These reports include individual reading lists, all renewals to "The Messenger" and the plan of work sheets which have been given to each club. Mrs. Hartnett also announced that this month clubs must nominate their candidates for County T.H.D.A. chairman and delegates to the state meeting. Election will be held at a meeting after the July council.

Council adjourned to meet again Saturday, July 1, at 2:30 o'clock.

Mrs. T. E. Beard visited with Mr. Beard in Denver, Colorado, last week.

Virginia and Ann Holt left Tuesday morning to spend a month in Brownwood and Gatesville.

Mrs. F. S. Crowder of Vernon visited with friends in Canyon from Tuesday until Sunday last week.

Helen Taylor spent last week in the home of her parents in Priona.

## Bible School to Get Underway at the Methodist Church

Vacation Bible School at the First Methodist Church will begin with registration at church school Sunday, June 11. Those who are not registered then, may do so at 9 o'clock Monday morning, June 12. The school will continue through June 23.

Children from kindergarten through the junior grades are invited to attend the daily sessions from 9 to 11 a. m.

Those in the Intermediate department will meet from 7 to 9 p. m. Leaders and helpers attended a one day session at Happy recently to better qualify as instructors.

The teachings of Jesus will be the theme of the school. Games and activities will also be stressed. Refreshments will be served daily.

Leaders will be Mrs. Robert Busted, kindergarten; Mrs. Borden Price, primary; Mrs. Boone McClure, junior; Mrs. R. C. Sigman, intermediate, and Mrs. T. H. Lair, refreshments.

## Inflation and Taxes Peel Bank Roll Ted Williams

Ted Williams famous slugger for the Boston Red Sox is indulging in his favorite sport this year for his comfortable salary of \$125,000. It's the highest paycheck ever given to a baseball player. It tops Babe Ruth's one-time record by some \$45,000.

But many lovers of the great American game will be glad to know that the Babe is still champ—even in the salary department.

In 1932, when the Babe was at his peak, the Yankees paid him \$80,000, of which he was allowed to keep about \$68,000, after taxes.

Today, Williams' take-home pay on his salary of \$125,000 is \$62,000—\$6,000 less than Ruth's.

But that's not all. With his money, Ruth could buy just about twice as many things as Williams' salary buys today. In fact, the volatile center fielder would have to earn \$327,451 in order to keep up with Ruth's 1932 buying power.

Perhaps it's good that that all the great Bambino's records still stand unchallenged, but the growth of taxes and the decline in buying power of the dollar, which this comparison points up, is definitely not good. It's another illustration of how the basic principles of our free economy have been undermined in the past 20 years.

Charles Owens left Tuesday for Kentucky where he will work for an oil company this summer.

Mr. and Mrs. R. T. Furlow left for a visit in Dallas, Saturday.

Spike Lowes was a visitor in Amarillo, Sunday.

Konrad Adenauer, Chancellor of Western Germany: "There will be no strong Europe without Germany, and there will be no Germany at all without Europe."

Helicopter rescues woman from rock above Niagara Falls.

## Success of TB Vaccine Reported In Japan, Europe

The national tuberculosis association reports 14,000,000 chest X-ray photographs were taken in 1949 in the stepped-up campaign to detect and control tuberculosis.

Five years ago, NTA reported, less than 1,000,000 pictures were taken of Americans, exclusive of armed services.

The report said the 14,000,000 small-film pictures were in various screening surveys and included 1,900,000 films taken in community-wide surveys.

Standard-size films taken by private physicians, hospitals, or clinics, or "retakes," were not included in the figure.

**Vaccine Developed**  
Meanwhile, at Columbus, Ga., Dr. Edward J. O'Brien charges that a vaccine called BCG, which has been successful in Japan and on an Indian reservation, is being kicked around and not being given a fair chance in a normal United States community.

Dr. O'Brien says the vaccine is not some new "miracle drug" that cures, but a preventive. He said a nation-wide vaccination drive could cut the annual TB death toll from 50,000 to 5,000.

Dr. George Comstock of the United States public health services reported the service has been testing effectiveness of BCG since 1946. He indicated conclusive results won't be available for another three or four years.

Dr. Comstock is conducting a test in Columbus because the TB death rate is the same as that of the nation: about 32 per 100,000.

**Vaccination Compulsory**  
Since it was discovered 27 years ago, more than 30 million BCG vaccinations have been recorded without harmful effects.

Results in areas where BCG has been used have been good. On an Indian reservation, a high rate area, 15 years ago, only about one-seventh as many TB cases were reported in the vaccinated group as in the non-vaccinated.

In Japan compulsory BCG vaccination program cut that country's TB death rate from 124 per 100,000 in 1937-1943 to 169 last year.

In Russia, every baby is vaccinated with BCG. Several European countries use it widely. Experiments in the United States over the last 10 years have shown favorable results, it was reported.

### Sheep Living in Paris Has Luxury Existence

PARIS, FRANCE. — There's a sheep living in Paris which has luxuries. His name is Panurge. He is the mascot of a restaurant in the Rue de Choiseul, near the boulevards.

Seven months old, Panurge walks with considerable dignity among the restaurant tables on a thick scarlet carpet, rubbing his nose against the customers.

On an average day Panurge gobbles up 80 or 40 pieces of sugar, sips two glasses of burgundy wine, has a dash of champagne (which makes him wrinkle his nose), and one or two aperitifs.

An average day's meals include, in addition to ordinary sheep food, carrots, cauliflower, lettuce, radishes and biscuits.

He has a one room flat on the first floor of a house two minutes from the opera. The flat is cleaned out and perfumed daily.

His fleece is a magnificent white and gold color. It is kept spotless and gleaming by constant brushing and baths twice daily, into which go large quantities of expensive soaps and shampoo.

When Panurge goes out for a walk his "toenails" are done up with the latest Paris nail varnish.

### Passes Bad Checks for His Horse and Lands in Jail

DETROIT — Hennen J. Blanton, 22, of Detroit, bought a horse and that began his troubles.

The horse needed a saddle, bridle and other gear. Blanton passed two bad checks to get them.

When taken before the judge on the bad check charges he asked the court to advise him how to raise money to pay off the checks.

"That's very simple," said the judge. "Sell the horse and make restitution."

Blanton wept at the suggestion that Rex—the horse—be sold. He said: "I don't like that idea at all."

Blanton went to jail.

### Expedition to Hunt Cliff Dwellers in North America

LOS ANGELES—An expedition is underway to explore the last remaining wild and isolated section in North America.

Sponsored by the Los Angeles county museum and William J. Sheffler, ornithologist, the expedition will visit Barranca de Cobre (Copper canyon), 500 miles south of the U. S.-Mexican border.

The canyon, never explored, is believed to be wider and deeper than Grand Canyon in Arizona. Some reports say it to be 20 miles wide and 7,000 feet deep.

Cliff dwellers, last remnants of an ancient race of men are also reported to be living in the canyon.

Community trusts in U. S. and Canada increases resources.

Suzanne Stephenson left Saturday for Fort Worth where she will visit in the home of relatives.

Eloyce Money is visiting this week with Maxine Frakes of Amarillo.

## First Baptist Church Setting for Double-Ring Services of Gooch-Peggram Wedding Rites

MRS. BILLY JOE PEGGRAM

On Friday evening, June 2, at 7:30 o'clock, Miss Frances Elizabeth Gooch, daughter of Mr. and Mrs. Tom C. Gooch of Canyon, became the bride of Billy Joe Peggram, son of Mr. and Mrs. W. R. Peggram of Quail, in the First Baptist Church in Canyon.

Dr. Roy L. Johnson read the double ring ceremony before a background of woodwardia palms which formed the setting for beautiful arrangements of white gladioli and branched candelabra with white tapers. White satin draped the chancel rail to complete the picturesque setting.

As pre-nuptial serenade Miss June Wimberly, organist, played "At Dawning," "Song of the Evening Star," "I Love You Truly," "Consolation," "Trauerie" and "O Promise Me." Bill Knighton of Plainview sang "Because" and "I Love Thee." During the candlelighting ceremony, "Clair de Lune" was played. "Indian Love Call" was the musical background for the wedding

rites. Mrs. W. O. Nunley of Canyon sang "The Lord's Prayer" at the close of the ceremony. Traditional wedding marches were played for the processional and recessional.

Miss Nina Jo Dunn of Littlefield, maid-of-honor, wore a pastel yellow organdy over taffeta, made with fitted bodice with portrait neckline and full hoop skirt. Her headband of white mistletoe was decorated with roses of organdy matching her dress. Her bouquet was an old fashioned nosegay of yellow Maroon daisies. She wore organdy mitts matching her dress.

Bridesmaids gowns and head-dresses, bouquets and mitts were styled identical to those of the maid-of-honor. Miss Mary Ann Parker, Paradise, Texas wore pastel green; Miss Bobbie Lee Graham, wore pink; Miss Ann Crawford wore orchid; Miss Opal Peggram of Tucumcari, New Mexico wore blue.

Jimmy Peggram served as best man to his brother. Groomsmen were Tommy Gooch, brother of the

bride, Gene Peggram, Billy Ray Boling and Al Grabbe.

Little Miss Marian Henson, daughter of Mr. and Mrs. Virgil Henson as flower girl, carried a white basket of rose petals. Her gown was a formal of pink organdy. Her head-dress of white mistletoe and pink organdy roses matched the bridesmaids' head-dresses.

The ring bearer, Phillip Lee Parker, son of Mr. and Mrs. J. O. Parker and cousin of the bridegroom, carried the rings on a white satin pillow.

Entering on the arm of her father, who gave her in marriage, the bride was a picture of loveliness in white slipper satin designed with a full skirt which terminated in a chapel train. The fitted bodice buttoned down the back with tiny self-covered buttons. A double Peter Pan collar finished the neckline. Long tight fitted sleeves ending in points over the hands buttoned almost to the elbows with tiny buttons matching those on the back of her bodice.

Her finger tip veil of nylon illusion fell from a white satin headband trimmed with upstanding intertwined strands of pearls. Her only jewelry was a strand of pearls. She carried a handkerchief that was a tiny square of silk edged with Brussels lace with delicate flowers in each corner formed of tiny seed pearls and satin ribbon. Her mother carried this handkerchief when she was married.

The bride's bouquet was a cascade of gardenias and white gladioli. For her daughter's wedding Mrs. Gooch chose a navy crepe dress with pink accessories and a corsage of gardenias. Mrs. Peggram, mother of the bridegroom, wore a navy sheer dress with white accessories and a corsage of gardenias.

Following the ceremony a reception was held in the church parlor, which was decorated with baskets of white gladioli. Mrs. Gooch, Mrs. W. R. Peggram, the bride and groom and the bridesmaids received the guests.

Miss Alice Morgan of Canadian and Miss Geraldine Small of Canyon registered the guests in the bride's book.

The serving table was laid with a white maderia cloth and centered with the bride's bouquet. Mrs. J. J. Wright, aunt of the bride, served the three tiered wedding cake. Frosted punch was poured by Mrs. W. E. Stringer of Vernon, aunt of

the bride. Miss Betty Barnes of Plainview and Miss Joy Sebright of Canadian assisted with the serving. Miss Donna Erwin played appropriate numbers to form a musical background for the reception.

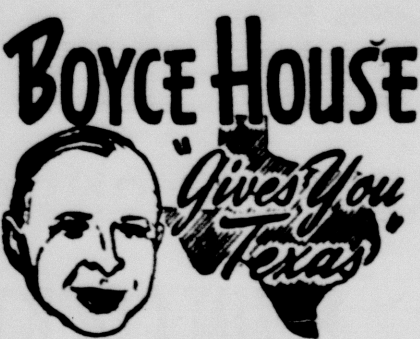

For travelling Mrs. Peggram wore a teal blue gabardine suit with pale pink and white accessories and a gardenia corsage.

After June 7 the couple will be at home at Wellington, Texas.

Mrs. Peggram received her degree from West Texas State with this spring class. She was a member of Buffalo Masquers, and the Baptist Student Union Executive Council.

Mr. Peggram received his degree from West Texas State in 1948. He is now teaching vocational agriculture in Collingsworth county.

On Thursday evening Mr. and Mrs. J. O. Parker entertained the wedding party with a rehearsal dinner in their lovely new home. Miss Bertha Parker of Tucumcari, sister of Mr. Parker, assisted Mrs. Parker in serving the thirty-two people who attended.

My only experience as an actor was on a program put on by a Sunday school during my high school days. There was a comedy sketch in which a big domineering woman was suing for divorce from her husband, who was a little fellow, on crutches and in bandages. I was the "lawyer" for the husband.

The opposing "attorney" gave his speech and there was laughter all the way through. I had a speech which was equally funny—(we didn't write the speeches; they were written by the author of the sketch). I decided the address would be most effective if delivered as a real lawyer would, only "over-acted" or over-done. So I spoke as pompously as I could, bellowed, pounded the table, strode up and down and waved my arms. There was not a single laugh from the audience while I was speaking—and at the close there was tremendous applause from the crowded hall.

As a comedian, I was not.

"A Universal Want Ad":

Wanted: A man for hard work and rapid promotion, who can find things to be done without the help of a manager and three assistants. A man who gets to work on time in the morning and does not imperil the lives of others in an attempt to be the first out of the office at night.

A man who is neat in appearance, and does not sulk at an hour's overtime in emergencies. A man who listens carefully when he is spoken to, and asks only enough questions

to insure accurate carrying out of instructions. A man who moves quickly and make as little noise as possible about it.

A man who looks you straight in the eye and tells the truth every time. A man who does not pity himself for having to dig in and hustle. A man who is cheerful, courteous to everyone, and determined to make good.

If interested, apply any hour, any day, any place, to any employer.

### WIFE REGAINS \$11,195 BET

New York.—When her husband lost a total of \$11,195 in a series of bets, Mrs. Hannah S. Kartiganer, of White Plains, got mad and sued an alleged bookmaker for recovery of the money. A Supreme Court jury took less than ten minutes to return a judgment in her favor.

### BEEES IN BASEMENT

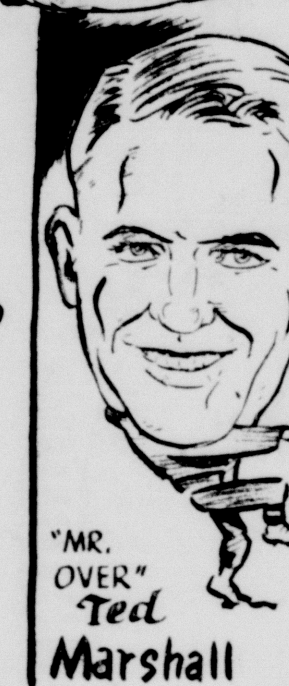

Dickinson, N. D.—Completely fooled by the unseasonably warm weather in April, Earl D. Hubbard put in an order for 21 swarms of bees, 15,000 to the swarm. When they arrived traditional May flowers were

covered by snowdrifts, accompanied by freezing temperatures. Hubbard placed the 315,000 bees in his basement and turned on the heat. Instead of collecting honey, he had to feed it out, 21 pounds per day, to keep the bees alive.

## Miscellaneous Shower Honors Laverne Hinders

Miss Laverne Hinders, bride-elect of Tim Hiert, was honored with a miscellaneous shower in the home of Mrs. Roy N. Byrd, Sr. Thursday afternoon, June 1, from 1:30 to 3:00 o'clock. Hostesses with Mrs. Byrd were Mrs. J. E. Boren, Mrs. W. C. Black, Mrs. E. C. Robinson, and Miss Pearl Black.

Guests were greeted by Mrs. Byrd, Miss Hinders and her mother, Mrs. Louis Hinders. Mr. Miss Hinders' corsage was of pink Delta roses matching the roses in the table centerpiece. Mrs. Hinders' corsage was pink sweet peas. Mrs. Byrd's was blue carnation and yellow Scotch broom.

Miss Earlene Davis and Marilyn Condon presided at the guest book. Their corsages were lavender sweet peas.

Mock oranges in a crystal basket and roses in four baskets decorated the living room. Pink peonies decorated the bedroom in which the lovely gifts were displayed. Large cream Peace roses decorated the den.

Centering the refreshment table in the dining room was a crystal bowl of pink Delight roses surrounded by a treble clasp in white and pink chenille and flanked by white tapers in crystal holders.

Mrs. Louis Hinders, Jr., and Miss Sue Ann Colwell, whose corsages were pink and white sweet peas, served heart shaped cakes decorated with tiny pink roses. Miss Ada V. Clark and Miss Elva Fronsharper, whose corsages were rose sweet peas, served lavender tinted punch from a bowl in which floated gardenias in cups bearing lime sherbert cubes. Nuts and panned mixed nuts decorated with pink rose buds were served from crystal and silver dishes.

Mrs. Lee Foster and Miss Ruth Ann Bell played appropriate musical selections during the evening. Mrs. Glen Dowlen sang "Through the Years" and "Alice Blue Gown." Miss Berge Graham sang "All the Things You Are."

Approximately ninety guests called or sent gifts.

## ANNUAL F. H. A. CAMP HELD IN PALO DURO

The annual F. H. A. camping trip was held in Palo Duro Canyon, May 31 and June 1. Campers at the lodge were rented for the girls to sleep in.

Activities for the girls included hiking, swimming, baseball, volleyball, touch football, foot races and various other games. In the evening, the future homemakers visited the lodge, where their sponsor, Mrs. Perry Bell, treated them to a cocacola. Mrs. Bell has sponsored the trip for the past three years. This year Mrs. Travis Payne and Mrs. Ralph Rutherford also helped chaperone the group.

Food was carried to the Canyon and cooked over an open fire by the girls. The sophomore girls prepared lunch; the junior and senior girls, supper; and the freshmen cooked breakfast.

Those attending the camp were Florence Coffey, Jo Parker, Ruby Lee Bonds, Joanna Haines, Donna Erwin, Barbara McDougal, Peggy Jo Bonds, Barbara Glendon, Janie Jennings, Tyne Cox, Carlene Rogers, Elvira Boyd, Doris Keller, Francis McCoy, Lynn McKinney, Shirley Coonsaugh, Virginia Rigby, Virginia Thomas, Dorothy McReynolds, Teddy Rowell, Joyce Payne, Neida Rutherford, Betty Graham, Ruth Parker, Dorothy Cleavinger, and Sherma Dixon.

## Proctor-Roush Wedding Rites Read in Pampa

Miss Arlene Proctor, daughter of Mr. and Mrs. Arlie Proctor, of Guthrie and Mr. Larrie Roush, son of Mr. and Mrs. E. J. Larsen, of Canyon, were united in marriage at the First Presbyterian Church in Pampa on Sunday, May 28, at 1 o'clock in the afternoon.

The double ring ceremony was performed by Dr. Douglas Nelson, before the altar, which was decorated with baskets of peach-colored gladioli, flanked with palms and tall candelabra holding white tapers. Prelude organ music, including "Al-

ways" and "Because," with "Claire de Lune" as background music for the ceremony, was played by Miss Charlotte Allston of Pampa.

The bride, given in marriage by her father, wore a white taffeta gown of ballerina length. The yoke was of tulle, edged with a flair of taffeta. She wore matching mitts and a necklace of pearls. Her finger-tip veil was also of tulle and was adorned with pink rosebuds at the temple. She carried a bride's nosegay of pink roses, fashioned with a pink satin ribbon.

The matron of honor, Mrs. Dale Smith of Pampa, was dressed in pink with white accessories and an epaulet of white carnations.

The mother of the bride was gowned in sheer navy blue with

white accessories and wore a corsage of gardenias, and the groom's mother wore navy sheer with navy and white accessories and a gardenia corsage.

Billy Tate of Canyon attended the groom as best man and Bobby Mickley and C. L. Hood, also of Canyon, were the ushers.

The bride was graduated from the Pampa High School in 1949 and is attending West Texas State College, majoring in English.

The bridegroom attended Canyon High School and was graduated in 1947. He is now attending West Texas State College as a pre-law student.

The young couple plan to attend college in Canyon next year and then move to Dallas where he will enter law school at Southern Methodist University, and she will continue work on her English major.

The wedding party was entertained with a dinner at Long Champ's restaurant in Amarillo, following the wedding, by the bridegroom's parents, Mr. and Mrs. Larsen.

## Virginia Hunter Weds Don Myers in Home Rites

Miss Virginia Ann Hunter, daughter of Mr. and Mrs. Roy R. Hunter was married to Mr. Donald Ray Myers, son of Mrs. Olive Myers of Lockney, at 2:00 o'clock Saturday afternoon, June 3, at the home of her parents 1903 Fourth Avenue. Rev. Win R. Matsler read the impressive double ring ceremony before a picture window flanked by baskets of white gladioli and Marconi daisies. Nuptial selections and the traditional wedding marches were played by Miss Della Craig of Miami, Texas.

Attending the bride as maid of honor, Miss Virginia Reid wore a fuchsia taffeta ballerina length dress with matching mitts and sandals and carried a bouquet of white Marconi daisies.

Gene Messer of Lockney was best man.

Given in marriage by her father, the bride was attired in a powder blue lace dress with navy accessories. She carried a white Bible topped with a bouquet of white gardenias and feather carnations with white satin streamers. She carried the handkerchief that her mother had carried at her wedding.

Mrs. Hunter chose for her daughter's wedding a gown of rose sheer. Her corsage was of white gardenias. Mrs. Myers, mother of the bridegroom, wore a navy crepe gown with white gardenia corsage.

Following the ceremony an informal reception honored the couple. Miss Mary Louise Hunter, sister of the bride, presided at the guest book. Miss Theresa Lile of Shamrock presided at the punch bowl and Mrs. Geo. W. Lee, Jr., of Silverton served the cake.

For a wedding trip to points in New Mexico the bride wore a white suit with blue accessories.

Mrs. Myers is a graduate of West Texas High School and West Texas State. She taught English and speech in Miami High School the past year. While a student in W.T.S. she was a member of Pi Omega Sorority, Alpha Psi Omega, dramatic fraternity and Buffalo Masquers.

Mr. Myers is a graduate of Lockney High School; served in the Navy; and is now enrolled in W.T.S. where he is a member of Mary E. Hudspeith Honor Society, President of Alpha Sigma Xi fraternity, and a member of the Buffalo tennis team. He also is employed as book-keeper by Firestone Station.

The couple will be at home at 1005 Third Avenue.

Out of town guests included Mr. and Mrs. E. L. Hunter, Amarillo; Mr. and Mrs. C. B. Hunter, Claude; Miss Della Craig, Mrs. Olive Myer, Wiley Mudgett, Gene Messer, Mrs. Jay McPherson, Karen Ann and Pamela, all of Lockney; Mrs. Geo. W. Lee, Jr., Terry and Marcolyn of Silverton; Theresa Lile, Shamrock; Dr. and Mrs. J. C. Coffey, Hedley.

## Prichard-Gambill Wedding Date Is Announced

Mr. and Mrs. E. C. Prichard are announcing the engagement and approaching marriage of their daughter, Ruthie of Plainview, to Wendell Gambill, Arkansas, on Friday, June 30. The services will be read in the First Baptist Church of Plainview.

Seth W. Richardson, Chairman, President's Royalty Review Board: "If some people hadn't wanted a change of government in 1776, there wouldn't have been a United States of America."

Maple T. Harl, chairman, Federal Deposit Insurance Corporation: "We are now entering the seventh year since any depositor has suffered a loss from the failure of an insured bank."

Frank W. Abrams, oil company executive: "It is absurd that business and the public, of which business is a part, should be regarded as being in conflict."

Harry S. Truman: "I believe that the next two hundred years are going to be the greatest in history."

Wayne Morse, U. S. Senator from Oregon: "A Republican victory in 1950 is a must."

## Inell Brotherton Weds C. Zeveryly in Church Service

Miss Inell Brotherton, daughter of Mr. and Mrs. H. A. Brotherton, became the bride of Claud R. Zeveryly, son of Mr. and Mrs. Forest L. Zeveryly, of Sulphur Springs, Oklahoma, recently at the First Methodist Church in Canyon.

Rev. Marvin Brotherton, uncle of the bride and pastor of the First Methodist Church at Matador, read the service. Miss Mary Ruth Smith of Panhandle, organist, played a prelude of nuptial selections. Violin numbers were presented by Miss Margaret Hand, accompanied by Mrs. Herman Demus, pianist. Mrs. Lawrence Brotherton of Gruver, sister-in-law of the bride, sang "I Love You Truly" and "Because," and the traditional wedding marches were used for the processional and recessional.

Vows were exchanged before an arch of greenery decorated with bows of white satin. Baskets of white gladioli flanked the arch and candelabra and palms completed the setting.

Mrs. V. E. Kunkel attended her sister as matron-of-honor, wearing a pink dress. Bridesmaids were Mrs. Marvin Brotherton of Muskogee, Oklahoma, sister-in-law of the bride, who wore yellow; Mrs. Bob Brotherton, sister-in-law of the bride, who wore aqua; and Mrs. Francis Hand, who wore green. They carried fans pinned with carnations in shades to compliment their gowns.

Archie Roberts of Panhandle was best man. Groomsmen were Marvin, Bob and Lawrence Brotherton, brothers of the bride.

Given in marriage by her father, the bride was attired in a gown of white satin, fashioned with a fitted bodice and long sleeves terminating in petal points. The full skirt extended into a cathedral train. Her veil of illusion fell from a halo of orange blossoms and her only jewelry was a single strand of pearls. She carried a white Bible marked with an orchid.

For her daughter's wedding, Mrs. Brotherton chose a dark blue print dress with black accessories. Her corsage was of white carnations.

Immediately following the ceremony, a reception was held in the home of Mrs. Jeanette Rabbits. Mrs. M. C. Davis and Doris Ann Lawson both of Panhandle, presided at the bride's table, which was laid with a lace cloth and centered with a bouquet of seasonal flowers.

The couple will be at home in Canyon for the summer, where both will do graduate work at West Texas State College. For the wedding trip the bride traveled in a blue linen suit with white accessories and an orchid corsage.

Next fall, Mr. and Mrs. Zeveryly will go to Panhandle, where both are employed as teachers.

Among the out-of-town guests at the wedding were Mr. and Mrs. Archie Roberts, Miss Mary Ruth Smith, Mrs. Paul O'Brecht and Paula, Mrs. Byron Williams and Lynn, Mrs. M. C. Davis and Barbara, Mr. and Mrs. R. E. Byron and Don Edward, Mr. and Mrs. Dee Cummings, Mr. and Mrs. Elton Vance, Jerry Cummings and Miss Doris Ann Lawson, all of Panhandle.

Mr. and Mrs. B. L. Zeveryly and Sharon of Kilgore; Mrs. Alva Boren and daughters of Petersburg; Rev. and Mrs. Marvin Brotherton of Matador; Mr. and Mrs. W. J. Griffith of Lockney; Mrs. V. E. Kunkel and Mary Helen and Mr. and Mrs. C. W. Lindsey of Amarillo; Mr. and

Mrs. Lawrence Brotherton and children of Gruver; Mrs. Bob Davis and Carol of Lockney and Glen Hardy Brotherton of Texhoma.

On Wednesday May 10, Mrs. R. A. Neblett was hostess to a tea at her home from 4:00 to 5:00 o'clock.

Iris were used to decorate the entertainment rooms.

The lace draped tea table was centered with a dainty figurine holding sweetheart roses and mock orange.

Guests included Mrs. Clarence Thompson, Mrs. W. C. Black, Mrs. Glen Dowlen, Mrs. Carl V. Wimberly, Miss June Wimberly, Mrs. Bill Montgomery, Mrs. Louis Henders, Jr. Mrs. Clarence Eugene Thompson, Miss Matilda Guame, Mrs. A. M. Myers of Amarillo, Mrs. Guy Harp, Mrs. George Nance, Mrs. E. J. Cundiff, Mrs. Floyd Tomlinson, Mrs. J.

J. Walker, Mrs. J. W. Kleinschmidt, Mrs. Bryan McDonald, Mrs. Win R. Matlier, Mrs. C. R. Burrow, Mrs. Ray Campbell and the honoree.

The home of Mrs. E. J. Cundiff was the setting for a miscellaneous shower honoring Mrs. Buchanan on Friday, May 12. Co-hostesses for the occasion were Mrs. Bryan McDonald, Mrs. Floyd Tomlinson, Mrs. J. W. Kleinschmidt, Mrs. Guy Harp, Mrs. George Nance and Mrs. J. J. Walker.

Pastel shades of sweet peas were arranged in attractive groupings throughout the entertaining rooms.

Guests were received by Mrs. Cundiff, Mrs. Ray Campbell, mother of Mrs. Buchanan, Mrs. Ollie Buchanan, and her mother-in-law, Mrs. H. W. Buchanan of White Deer.

The refreshment table was laid with a satin damask cloth and centered with sweet peas flanked with white tapers in crystal holders.

Mrs. C. L. Thompson, Mrs. W. C. Black and Mrs. Glenn Dowlen served frozen punch and individual

cakes decorated with sweetpeas to the 75 guests.

On Wednesday, May 14, Mrs. Bill J. Montgomery, 210 Arch Terrace, Amarillo with Miss June Wimberly and Mrs. Carl V. Wimberly of Canyon, was hostess to a personal shower honoring Mrs. Buchanan.

The bride's colors of pink was carried out in decorations and refreshments. The serving table was laid with a lace cloth. The centerpiece was a nosegay of pink daisies flanked by pink candles in silver holders.

Mrs. Buchanan was presented with a pink carnation corsage.

Guests included Mrs. Tom Knighton, Jr., Mrs. Louis Henders, Jr., Mrs. James M. White, Miss Frances Burba and Mrs. H. R. Fulton, Jr., all of Canyon; and Mrs. Cecil Franks of Amarillo. Sending gifts but unable to attend were Miss Marion Miller of Amarillo, Mrs. Clarence E. Thompson and Miss Mary Jo Tomlinson of Canyon.

Mrs. C. E. Thompson, Mrs. W. C. Black, and Mrs. Louis Henders, Jr., entertained with a Coke party in the home of Mrs. Thompson on May 15, in honor of Mrs. O. Buchanan.

Invited guests were the honoree, Mrs. Bill Montgomery of Amarillo, Mrs. Harold Irwin, Miss June Wimberly, Mrs. Murphy White, Miss Virginia Reid, Miss Anita Davis, Miss Francis Alice Harp, Mrs. Russell Jones of Childress, Miss Mary Ann Bellah, Miss Frances Colwell, Mrs. Tom E. Knighton.

The bridal couple was honored on the evening of Friday, May 19, with a rehearsal dinner in the home of Mrs. C. L. Thompson, with Mrs. W. C. Black and Mrs. Glenn Dowlen as joint hostesses.

Spring flowers in pastel shades decorated the entertainment rooms. Tables were covered with organdy clothes. White ribbon streamers from dainty centerpieces held place cards for each guest.

Ten of the guests were seated at the bride's table. Others were in foursome groupings around the large table.

## Prepaid Medical Care Provided For Cows, Dogs

DENVER, COL. — The national veterinary service, incorporated, is earmarked on a trial run of prepaid veterinary care for dogs and cattle in this state. If successful, the organization hopes to expand nationally.

For \$12 a year, Rover's owners won't have to worry about veterinary fees within certain limitations which resemble those of medical-care plans for humans.

More important than the canine health service is the plan C. R. Tibbs has for cattle. Tibbs is head of a veterinary supply firm. He worked on his idea for animal health insurance for two years before forming the new service, of which he is president.

Surveys indicate that herds totaling 150,000 head of cattle in Colorado may be signed up. The fee hasn't been determined yet, but it will be considerably less than for dogs. Tibbs expects some 5,000 dog owners to enroll their pets.

### Must Pass Health Test

Only dogs between six months and eight years old will be accepted. They will have to pass a health examination and will have a tattooed identification number to keep owners from bringing in nonmembers.

Nearly all the 109 veterinarians in Colorado have agreed to participate. Thus, if Rover gets sick away from home, he can be taken to the nearest vet for prepaid treatment.

The most enthusiastic response has come from stockmen. Twenty-three per cent of 500 questioned indicate that they would join. Many complained of the difficulty of getting a vet to come to their ranches. That turned up the information that vets apparently don't like country life any better than doctors. Thirty per cent of the state's vets live in the Denver area.

Tibbs thinks the plan may cause more vets to locate in isolated areas when enough ranches are in the plan to assure them a living from fixed prepaid fees.

### Signed Up By Herds

Cattle will be signed up by herds. Higher fees will be charged for dairy cows than beef animals. Milk giving cows need more medication than cattle raised for steaks.

Horses and swine aren't covered now, but that may come later. The plan won't cover cats. Tibbs says veterinarians don't claim to know enough about feline diseases to promise to keep cats healthy.

The nonprofit organization hopes to finance research into animal diseases, working with federal and state laboratories.

Tibbs claims that the plan, which probably will be known as the "Silver Cross" plan, has historical precedent.

"The original Blue Cross was a health insurance plan for dogs, horses and cattle in England during World War I," he says.

### Girls Admit Setting Fire Just to Miss Few Classes

ROCK ISLAND, ILL. — Two 14-year-old girls confessed that they set a million-dollar fire so they could "miss a few days of school."

The girls, Patricia Flaherty and Gay Jean Grant, were caught after they had bet a group of boys 25 cents they could set a similar fire in another school.

The boys raced to the police when they found that the girls had made good on their bet by setting fire to the Lincoln grade school.

The earlier fire destroyed the Central junior high school, where the girls were students.

Police said they readily admitted their guilt.

They told authorities that they went to the junior high school with Arlene Horsley, a 14-year-old companion, and decided to "do something" so they could get out of classes.

First they decided to flood the school and turned on all the showers in the boys' locker room.

But they said that didn't work, so they decided to start a fire. One of them went out to buy a penny box of matches. Arlene got scared and ran home.

Patricia and Gay said they went to a room on the second floor and set fire to a wall map and curtains. Then they fled, they said, and went home and played phonograph records until they heard the wail of sirens. Then they joined the spectators at the scene.

### Hydrogen Bomb Danger Causing 'Undue' Worry

HARTSDALE, N. Y.—Americans are worrying unduly over the danger of a hydrogen bomb being dropped here, because "there is no means of transporting one by air," says John M. Hancock, who helped write the Baruch report on atomic energy.

Hancock told the Scarsdale Town club's annual dinner that "a hydrogen bomb can't be carried around in a package." He said the mechanism required to set off a hydrogen bomb prohibits its use as "we think of bombing."

Hancock was an alternate when Bernard M. Baruch was a delegate to the United Nations atomic energy commission in 1946.

### BEE'S DELAY MAIL

Balston Spa, N. Y.—A swarm of bees gathered on the rear of the mail truck driven by John Lumnick as he drove from the postoffice to the railroad station. Lumnick hurried back to the post office where two bee-keepers collected the insects and the mail moved again, almost an hour late.

## Power Situation Smells Strong of Socialism Gloss

A report made by the U. S. Chamber of Commerce had this to say about the electric power situation: "In two sections of the country, the Tennessee Valley and the Pacific Northwest, public power has driven private capital out of new plant construction. These regions today find themselves right back in the lap of Congress, where they must plead their need for development, project by project, before appropriation committees. . . .

"Public power" is one way of depriving the public of power it would otherwise have! Power shortages seem to be by-products of political power monopolies."

The record bears that out fully. Congress, at its whim, will decide whether the public power areas will or will not have more electricity. Congress, as a consequence, will decide whether or not these areas will go forward or backward industrially and agriculturally. Local citizens, once private enterprise has been driven out, can't do a thing about it. It's strictly a like it or lump it proposition.

These are simply facts, that are apparent on every hand. There is one favorable sign, however, more and more people are beginning to understand what has been going on. The great wave of sentiment against the proposed Columbia Valley Administration that has arisen in the Pacific Northwest is in large part based on the growing fear of what all-powerful government does to our liberties and opportunities. It is to the credit of the governors and most of the Congressional delegations of the region that they have been pounding this home to their constituents.

The gloss is beginning to wear off socialism when the people wake up to the fact that tax-exempt Federal business monopolies such as power development, destroy tax-paying private enterprise on which states, counties and cities depend for their independence.

### CITY PAYROLLS

The Department of Commerce reports that the number of employees on city payrolls increased 3 per cent in 1949 and that payroll costs rose 4 per cent, reflecting a trend that has seen Federal, state, county payrolls grow nearly every year since 1940. In October, 1949, some 16,220 municipalities throughout the country employed 1,282,999 workers, who received monthly pay totaling \$277,000,000.

## THE AMERICAN WAY

"But Look What's Below the Surface!"

## Free Enterprise Lowers Prices on Vital Medicines

The Wall Street Journal recently took an unusual approach to the problem of socialized medicine. It pointed out that when new "miracle" drugs—such as the sulfas, penicillin, cortisone, and so on, are first discovered their cost is extremely high. Then the detractors of American enterprise say, "Science is discovering wonderful things but the private capitalistic system is keeping them out of reach of the people. So we ought to have socialized medicine or government pill subsidies or government planning for the chemists—or whatever is the speaker's pet project."

However, the paper went on, "These misty-eyed sociologists quickly drop the matter as soon as the chemical industry has cut the problem down to size. They point the finger of scorn when penicillin sells wholesale at \$20 a 'dose' and forget the matter when it shortly comes down to 4 cents a partaking."

If anyone honestly thinks that the cause of healing, in any of its many manifestations, would be advanced by socialized medicine or government domination of the nation's medical personnel and facilities, he is blind to the facts. Progress, in any direction, flourishes in an air of freedom—not in an atmosphere of red tape, bureaucracy, political management and government monopoly.

### GLOVES CAUSE DEATH

Mt. Pleasant, Pa.—As Demetrius Harhai, 27-year-old coal miner, left the mine, he realized he had forgotten his work gloves. He dashed back into the mine to get them. Co-workers found his body a short while later, crushed under a fall of slate from the mine roof. It was the exact spot where he had been working all day.

### UNUSUAL ACCIDENT

Knoxville, Tenn.—A plane, coming in for a landing at a private field near LaFollette, Tenn., became entangled with a telephone wire, snapped off a pole about half way from the ground and carried it through the air. The pole hit Gary Lee Pennington, 12, critically injuring him.

### BIRDS IN MAILBOX

Hoxne, England.—Business went on as usual while a little mother blue tit, a common English bird that looks like a canary wearing a blue bonnet, raised her family of eight fledglings in a nest she had built inside a corner mail box. Letters piled in around her and the postman unlocks the box when he collects the mail, but the bird doesn't seem to mind.

### BANK ASSETS

Assets of all kinds reached a new high level of \$180,000,000,000 at the close of 1949, according to Maple T. Harl, chairman of the Federal Deposit Insurance Corporation. This figure was \$2,000,000,000 higher than the previous record level reached in December, 1945 and represented an increase of \$4,000,000,000 compared with 1948.

### BANK DEPOSITS

Bank deposits totaled \$165,000,000,000 in 1949, an increase of \$3,000,000,000 over 1948, according to Maple T. Harl, chairman of the FDIC. Checking accounts of business and individuals increased seasonally by \$5,000,000,000 during the last half of 1949.

If children had the wisdom of old people, then old people would have the innocence of children, which wouldn't be good.

## Prices Are Low in America Due to Competition

In a modern industrial society either competition or bureaucracy must act as the government of the economic machinery. So far the governor in this country has been competition and will continue to be as long as the people choose to live under the capitalistic system.

This is the opinion of Raymond Rodgers, professor of Banking, New York University who says: "As the chain of production lengthens, and there is less and less opportunity for us to retreat to the self-sufficient world of the pioneer, competition (or, God forbid, bureaucracy!) becomes our only protection. Fortunately, the most valuable feature of capitalism—the one feature which no other system offers—is competition. In fact, competition is such a dominant element of capitalism, as we know it, that it should more properly be called competitive capitalism. You have only to look at the newspapers, read the magazines, listen to the radio, or submit yourself to some of the 'horrors' of television, to realize that Americans are the most competitive people on earth!"

If this country were the land of the big monopolies as claimed most vociferously by the admirers of bureaucracy there would be no need for the endless stream of publicity and advertising by big and little businesses of all kinds. Monopolies don't need to advertise to keep themselves in business any more than dictators have to stump their countries for

re-election. By the same token the advertising which keeps the wheels of competitive capitalism turning also is the financial bulwark of a free press.

### THE HOMEY TOUCH

A very dejected man walked into into a restaurant one morning and sat down at a table.

"I want two eggs fried very hard, two slices of toast burnt black and a cup of weak, luke-warm coffee," he told the waitress.

"Are you sure that's just what you want?" she asked, amazed.

"To the letter."

The waitress explained to the chef and managed to get the man exactly what he had asked for.

"Anything else, sir?" she asked as she put the order on the table.

"Yes, now sit down and nag me. I'm homesick."

**MOCK ATOMIC BOMB ATTACKS**  
Mock atomic bomb attacks on Washington, Chicago, and Seattle, to be staged in the near future, will be used to map an emergency civil defense plan for American cities, according to the National Securities Resources Board. Results obtained in the three cities will be used as a guide for other cities, it is stated.

### OVER-STIMULATED GROWTH

Victim (to his barber): Your confounded hair restorer has made my hair come out worse than ever.

Barber: Ah, you must have put too much on it, sir. Made the hair come right out, instead of half way.

### SHE SHOULDN'T BEAT THAT

"You say your wife is bound to have the last word?"

"I never knew an occasion when she didn't, except one."

"What beat her then?"

"An echo."

American people pay more income taxes than any they save.
